It was noted that Tan Cox has met with the Lengthsman.

10. PLAY AREA INSPECTION REPORTS

10.1 John Holt Play Area, Bothenhampton

GM reported on his visit to the John Holt Play Area, which he felt looked ‘uncared for’. He highlighted the condition of the goal posts and nets and the need for improved drainage in front of the goal posts. It was agreed that the goal posts and nets would be moved and replaced and the Lengthsman asked to investigate improving the drainage arrangements.

Action: GM to contact Edwards Sports Products Ltd for a quote. IB suggested the cost could perhaps be met through a community appeal.

GM also listed a number of maintenance tasks which needed attention, such as a wall which needs to be repaired, undergrowth which needs to be cut back, algae removal from the rubberised play area and the removal of a dead tree. CD stated that most of these are jobs which will be undertaken by the Lengthsman.

Action: GM to contact Western Power regarding the tree removal, as the tree is interfering in overhead electricity lines.

10.2 John Gundry Play Area, Walditch

CS reported there is a need for stones to be placed at the play area entrance and a gate post needs to be replaced (expected cost is £80). Full discussion deferred until March meeting.

11. OTHER PARISH MATTERS

11.1 Defibrillator training - Chris Dobbs and Tan Cox met with Kate Fisher, the Assistant Community Responder and will attend a training course in Eype. They will then cascade the training to other interested persons.

11.2 It was noted that tree clearance in connection with the Burton Road Walking and Cycling Scheme has been completed.

12. CORRESPONDENCE

12.1 Bridport round town bus service – CS suggested that the revised bus route should divert into Howards Road and re-join the main route via Manor Fields

Action: CS to contact Bridport Town Council.

12.2 GM proposed that £1,500 be donated to Citizens Advice to support their work (the same amount as the previous year). This was seconded by IB and the cheque was written out and signed at the meeting.

It was noted that 70 people from the parish have benefitted from the service.

13. POLICIES

The following policies were formally adopted:

- Complaints Procedure
16. MISCELLANEOUS

Elizabeth Welch announced that she will be resigning from the Parish Council due to a change in circumstances.

MATTERS RAISED IN THE DEMOCRATIC HALF HOUR

Monday 11 February 2019 - Homestead Farm, Main Street, Bothenhampton

Andy Jeffries presented a paper which outlined the differences in the building being constructed from the plans submitted and approved by West Dorset District Council. In summary these are:

1. The height of the main building ridge
2. The roof height of the two wings
3. The main building ridge does not drop to mirror the slope of the site
4. There will be no ‘clear view’ across the ridges from the high pavement, contrary to the ‘Design and Access Statement’

Pat Brody brought everyone’s attention to the non-material planning amendment which has been made:

1. Change from local rubble stone to render with local rubble stone below the DPC
2. Change from local rubble stone to natural timber
3. Change from sedum roof to lead effect metal roof over entrance way

She noted that so far only semi-dressed and not rubble stone has been used.

Chris Dobbs spoke about his telephone conversation with the planning officer who approved the plans. Chris stated he felt belittled and suggested that representation should be made instead to the Head of Planning and the Chief Executive of the new unitary authority.

Carol Irvine stated that the Planning Enforcement Officer has visited the site but so far there has been no feedback.

Sarah Butcher stated she has spoken to the chair of the Dorset CPRE, who is willing to help.

Many examples were offered of planning restrictions imposed on small alterations in order to retain the local stone, to conserve the village and to preserve views from neighbours’ properties. It was generally felt the same level of scrutiny and challenge was not being applied to the Homestead Farm development.

Dave Rickard stated that he has taken a copy of the village letter to the planning department (Darren Rogers), to Jean Marshall (Head of Planning), to Kevin Perry (Enforcement Officer). Kevin Perry was not available but DR asked for a copy of his report to be sent to the Parish Council. Initial indications are that KP felt the development is in accordance with the submitted plans. DR suggested that as much evidence as possible be collected (e.g. old photos from the high pavement) as well as also contacting Matt Prosser (CEO of the new unitary authority).

Action: BD to write to the Head of Planning, copying in other relevant parties, to highlight the impact of the development on the village conservation area and to request enforcement of the height and building materials specified in the approved plans.
